THE SAFEST D-RIG SYSTEM EVER CONSTRUCTED

Introducing the new premium-quality BBS Ultrapoint carp hooks with solid welded pre-made D-rig loop. Easy to use, no sliding knots and it gives the perfect presentation of your bait. Solid and secure! With this new hook range, Mustad is also introducing the new age Ultrapoint 4.8 point technology. The sharpest just got sharper and as always, they stay sharp longer. All BBS hooks are plated with Mustad's new matt gray **titanX** giving an exceptional strong and none flashy finish. At the same an ultra smooth hook for easy penetration.

Mustad's new matt gray **titanX** finish gives an exceptional strong and none flashy finish. Ultra smooth hook for easy penetration.

ULTRAPoint

The new UltraPoint 4.8 has a more narrow point than the regular 4.3 point. This gives a slimmer hook point and optimal hook setting and penetration for carp fishing.

ULTRAPoint
STARTS SHAPEN LONGER

It is with great pleasure to present our XV2 Carp Range, covering most applications on modern Carp fishing. For this season, this range is offered with Mustad's new mat gray titanX giving an exceptional strong none flashy finish. At the same a ultra smooth hook for easy penetration. Also the range will be updated to the new and ultra sharp Ultrapoint 4.8 point technology. The points are a bit longer than the 4.3 point technology given an exceptional sharp hook for carp fishing.

BIG GAME HOOKS

SIGNATURE FLY HOOKS

THE MOST TECHNICALLY ADVANCED HOOKS ON THE WATER.
TOGETHER WITH THE WORLD'S TOP FLY TIERERS, WE'VE CREATED
THE SHARPEST, STRONGEST HOOKS WITH EXACT PROPORTIONS.
TECHNOLOGY MEANS TIGHT LINES..

"Simplicity, selection, sharpness, proportions. You get it all with Mustad Signature Fly Hooks. Once you use them, you won't want to tie with anything else."

For the past 25 years Barry Ord Clarke has worked full time, as a fly tying / fishing photographer and writer and is a regular contributor to fly fishing magazines world wide. He has written, Co written and contributed to more than 30 books about fly tying and fished in over 40 different countries. With his exceptional skills as a fly tyer and photographer, his website www.thefeatherbender.com has shared with thousands of fly tyers all over the world, innovative patterns and techniques. His own patterns can also be seen in the legendary 'Fly Fishers Club' collection, in London England.

ALPHA CODE HOOKSELECT™

How to Read AlphaCode

SHAPE
R = ROUND BEND
C = CURVED
S = SPREAD / SHAUGHNESSY
L = LIMERICK
O = OFFSET

WIRE DIAMETER
2X FINE: 50 - 20 - 30 (R30)
STANDARD: 50 (R50)
1X HEAVY: 50 + 10 = 60 (R60)
2X HEAVY: 50 + 20 = 70 (R70)
4X HEAVY: 50 + 40 = 90 (R90)
6X HEAVY: 50 + 60 = 110 (R110)

FINISH
BR = BRONZE
BL = BLUED
BN = BLACK NICKEL
DT = DURATIN
SS = STAINLESS STEEL

HOOK LENGTH
2X SHORT: 50 - 3 = 47 (C47)
2X SHORT: 70 - 3 = 68 (C68)
1X SHORT: 50 - 1 = 49 (C49)
STANDARD: 50 (R50)
1X LONG: 70 + 1 = 71 (C71)
2X LONG: 80 + 2 = 82 (C82)
3X LONG: 50 + 3 = 53 (C53)
4X LONG: 70 + 4 = 74 (C74)
5X LONG: 70 + 5 = 75 (R75)
7X LONG: 80 + 7 = 87 (L87)
9X LONG: 70 + 9 = 79 (R79)

HOOK EYE
UNLESS SPECIFIED,
HOOKS ARE DOWN EYE
S = STRAIGHT
U = UP EYE

R50 represents THE STANDARD: STANDARD LENGTH and STANDARD WIRE DIAMETER. This is the hook all other hooks relate to for comparison of shank length (Extra Long / Extra Short) and wire diameter (Extra Heavy [Strong] / Extra Fine).

The letter "R" indicates that the hook has a rounded bend, and the letter "C" indicates that it has a curved shape. Simple as that!

Mustad

SUPERIOR WIRE QUALITY

As the only fish hook manufacturer in the world, Mustad has its own wire drawing mill to ensure the best possible wire quality. Wire is drawn from premium high carbon steel rods into the numerous dimensions needed for fish hook production.

OUTSTANDING HEAT TREATMENT

All Mustad hooks are put through a unique 3 stage computer controlled heat treatment process to ensure accuracy in heat treatment temperature and atmosphere, and for premium strength and durability.

WHEN THE BATTLE STARTS, IT'S GOOD TO BE ON LINE WITH MUSTAD.

Mustad Salt Water Hooks are formed from strong high carbon steel, then specially tempered to bend without breaking – all to endure when others fail.

Mustad

MUSTAD TOOLS, SOMETHING YOU CAN DEPEND ON

TIME SPENT ON THE WATER IS PRECIOUS. IN ORDER TO DO IT RIGHT, YOU
NEED GEAR THAT WILL STAND UP TO THE FISH AND THE CONDITIONS.
MUSTAD'S TOOL LINE-UP CONSISTS OF MANY MUST HAVE'S IN AN ANGLER'S
ARSENAL. BE IT PLIERS TO HELP RELEASE A FISH OR A FILLET KNIFE TO
BRING ONE HOME FOR DINNER, WE HAVE YOU COVERED.

**6.5" HYBRID PLIERS - MT007**

Built with strength and weight in mind, these pliers are produced with high quality stainless steel and aluminum. Stainless steel coated with corrosion resistant rainbow Titanium. In order to reduce total weight, the handles are made with aircraft grade aluminum. These pliers also feature replaceable tungsten-carbide side cutters, a lanyard and durable rubber holster.

**HEAVY-DUTY 6" PLIERS WITH SHEATH - MT009**

Durable and functional, these pliers are built to perform. Constructed with stainless steel, the pliers are then coated with black titanium nitride for increased corrosion resistance. They feature textured jaws for a more secure hold, built-in crimpers, split ring tool, lure timer grooves and a mono/wire cutter. They also feature durable, soft-grip handles for comfort and nylon sheath with Velcro closure and belt loop.

**HEAVY-DUTY 8" PLIERS WITH SHEATH - MT010**

Durable and functional, these pliers are built to perform. Constructed with stainless steel, the pliers are then coated with black titanium nitride for increased corrosion resistance. They feature textured jaws for a more secure hold, built-in crimpers, lure timer grooves and a mono/wire cutter. They also feature durable, soft-grip handles for comfort and nylon sheath with Velcro closure and belt loop.

**HEAVY-DUTY 11" LONG REACH PLIERS - MT011**

When dealing with trophy fish, you need longer pliers to stay safe. These extra-long reach pliers are constructed with stainless steel and then coated with black titanium nitride for increased corrosion resistance. They feature textured jaws for a more secure hold and durable, soft-grip handles for comfort.

**HEAVY-DUTY WIRE/ LINE CUTTERS - MT012**

Durable and functional, these cutters are built to perform. Constructed with stainless steel, the cutters are then coated with black titanium nitride for increased corrosion resistance. They feature hardened jaws for a longer cutting life. They also feature durable, soft-grip handles for comfort and nylon sheath with Velcro closure and belt loop.

BRAID SCISSORS 24PC BUCKET - MT024

These 4.5" shears are fantastic for cutting braided line as well as mono and fluorocarbon. Made of stainless steel with soft plastic handle.

MICRO BRAID SCISSOR - MT025

Ultra light aluminum construction designed to cut braided fishing lines. With comfort in mind, the handles are molded of soft rubber. They also feature a sheath that the shears slide and lock into with an attached lanyard.

FEATHERWEIGHT ALUMINUM PLIER - MT026

Lightweight and durable! Made from aircraft grade ultra-light aluminum that has been heavily anodized for greater corrosion resistance. Features coated stainless steel jaws and replaceable tungsten-carbide cutters.

6 PIECE KNIFE SET - MT027

This compact kit contains three razor-sharp stainless steel knives, a pro-style sharpening tool and a durable polymer fillet/cutting board. All items snap into custom molded pockets in rugged carrying case for easy storage.

NEW

BRAID CUTTER & SPLIT RING PLIER 5" - BLISTER PACK - MT028

Durable stainless steel Finesse split ring opener. Soft touch handle, easy cutting scissors, spring-loaded & Safety latch.

NEW

BRAID CUTTER & SPLIT RING PLIER 5" - 24 PCS BUCKET - MT029

24 Pcs bucket of durable stainless steel Finesse split ring plier 5". Soft touch handle, easy cutting scissors, spring-loaded & Safety latch

NEW

BAIT SCISSOR - MT030

A must have in your saltwater and predator fishing kit. Cuts chum and bait with ease, lining those big predators on to your hook bait.

MUSTAD LIFE LINES

THESE NEW MUSTAD PRODUCTS ARE ALL ABOUT A SECURE LINE TO
YOUR DREAM FISH. THOR AND WISH FISHING LINES. DEVELOPED WITH
THE MUSTAD PRO STAFF IN THE USA.

8 STRAND BRAID, 100% FLUOROCARBON, MULTIFILAMENT REINFORCED
BRAID, MONOFILAMENT, A SIMPLE BUT COMPLETE PROGRAM.

THOR MONOFILAMENT LINES

The Mustad Thor Monofilament Lines are made from top grade copolymer nylon and with its unique combination of proprietary materials, they are able to provide maximum strength and also maintain its pliability. The copolymer nylon formula offers added toughness and excellent abrasion resistance.

The Mustad Thor is designed to be a true all around high performance line. It is smooth and exceptional good for casting with less twisting. Superior strength and toughness with easy casting!

WISH MONOFILAMENT LINES

The Mustad Wish Lines are formulated with specific formula giving flexibility, extra sensitivity without losing strength. The handling and durability is amazing and will make your fishing day easier. Mustad Wish Lines gives better casts with ease thanks to the smoothness and less twisting. The formula also has shown proven toughness and great abrasion resistance. All German materials (BASF). Unique Mustad surface treatment.

A true all around high performance next generation monofilament nylon line the might make your wish come true.

MUSTAD® THOR MONOFILAMENT - BULK 500M (NYLON)

THOR BRAIDED LINES

Made from super high strength Spectra fibers. An exclusive 4 strand NB braiding process gives the Mustad Thor Braided Lines a thin, round & smooth profile. This makes it more smooth and quiet in the guides. You will achieve longer casts and more easy handling on the reel. Proprietary DuPont™ coating provides excellent abrasion resistance, while maintaining its superior strength and durability.

Get improved sensitivity and more efficient hook-sets, try the Mustad Thor™ Braided Lines.

WISH BRAIDED LINES

Increase casting length, accuracy and reduce line vibration with the 100% Honeywell Spectra™ Fiber Mustad Wish Braided lines! Our unique & exclusive 8 strand braiding process produces a rounder, smoother, thinner braided line that handles amazingly effortless and quiet. At the same time, ultra abrasion resistant and super sensitive.

A true all around high performance next generation line that might make your wish come true.

Single Barrel Sleeves Crimping Instructions

Pass the wire through the sleeve and the hook/lure eye.
Pass the wire back through the sleeve to create a loop.
Adjust the wires next to each other inside the sleeve.

Firmly crimp the sleeve and wire with special crimping pliers (Mustad TOOL 4L). Two side-by-side compressions may be necessary if the sleeve is longer than the width of the crimping tool.

REF: 77262

Double black brass sleeves.
The most recommended sleeves for thick wires and monofilament.
20 or 30 pcs per bag.
10 bags per outer unit.

Size: 1.0mm • Pack: N30
Size: 1.3mm • Pack: N30
Size: 1.6mm • Pack: N30

Size: 2.2mm • Pack: N20

Double Barrel Sleeves Crimping Instructions to attach monofilament or thick wires.
Pass the wire through the sleeve and the hook/lure eye.

Pass the line back through the sleeve to create a loop. Adjust the line inside the two tunnels of the sleeve.

Firmly crimp the sleeve and line with crimping pliers (Mustad TOOL 5L). Two side-by-side compressions may be necessary if the sleeve is longer than the width of the crimping tool.

MUSTAD WIRE LEADERS

As an important connection between your fishing line and favorite Mustad hook, it is important with wire leaders of high quality which is fitted with the best swivel and snaps possible. Our Mustad Leaders are produced using only high grade Carbon Steel with unique snaps that gives just the connection you need to secure your favorite predator fish.

NOTES:

DRY BAG 2L - MB001

Water tight, clever little roll top bag. Safe storage for cameras and phones. Waterproof tarpaulin PVC.

12" x 5" x 3"

DRY BAG - MB002 + MB003 + MB004

Classic Seaman's style bag made from waterproof Tarpaulin PVC and with a simple unbreakable roll top system. Decorated with a reflective logo. A simple and strong travel friend.

20 L (MB002) 20" x 10"

40 L (MB003) 20" x 10"

60 L (MB004) 32" x 13"

BOAT BAG 24" AND 30" - MB005 + MB008

Practical bag for most of your needs on the boat. Made from durable, waterproof PVC. It is designed with a hard box style bottom for good protection of your gear. Reflective "hook flash" logo comes alive when shined at night.

24" (MB005) 24" x 12" x 12"

30" (MB008) 30" x 13.5" x 15"

DRY DUFFEL BAG 50L - MB006

Large size bag in waterproof PVC with lots a dry space for clothing, gear and electronics. Decorated with a reflective logo. Has a practical net mesh pocket for wet items.

24" x 11" x 12"

DRY CARRYALL 50L - MB007

Large size soft bag made from Waterproof Tarpaulin PVC. Comes with a roll top closure for extra security from the elements. Reflective "hook flash" logo comes alive when shined at night.

24" x 11" x 12"

ELITE JIG HEAD SYSTEM NEW

18 months of development and intensive work with the Mustad Pro-staffers is behind this new range of 100% unique jig heads. Mustad is using a special injection molding technique to create the finest jig heads on the market. All hooks feature UltraPoint 4.3 technology which makes the hook so sharp and more durable than any other. The range consists of 10 different models both for fresh and saltwater.

SHAD/DARTER JIG HEAD

POWERED WITH
ULTRAPoint
STAY SHARP FOR LONGER

Mustad

JIG HEADS

Specially developed UltraPoint™ jig hooks. The "head" is perfectly located on the hook angle, to ensure best casting and lure playing.

- Black Nickel finish
- Strong and flexible wire
- Anti-corrosion coating on "head" and cones

These brightly polished jig heads enhances lure presentation while their aerodynamic shape ensures minimal water resistance. The proven four step grip profile will lock your soft plastic lure in position, even after prolonged casting.

These jig heads are made using the 2 extra strong 32833NPBN Ultrapoint jig hooks, guaranteed to give you both strength and sharpness. With hook sizes from #2 to #7/0 and weighing 1.5g all the way to 42g, we have you covered, be it fishing for breams using finesse soft plastics in the estuary or tossing that big swim baits for snappers in the reef.

TWIST WITH A MUSTAD GRIP-PIN HOOK

FASTACH™ WEIGHTS

The unique Mustad Fastach weight jiggging system makes hook and bait changing quicker and easier out on the water.

Simply twist off your hook for express bait changing out on the water.

The Fastach jig system gives your bait super natural movements in the water and works on all modern soft baits, such as Shads, Shrimps and Tubes. Perfectly fitted with the Mustad Grip-pin series of hooks.

PISCATOR X-RED
T93
SIZE 4, 6

DAYLIGHT MACKEREL RIG
T95
SIZE 2/0

LONG RANGE ONE HOOK RIG
T43
SIZE 3/0

- A streamlined rig is efficient in the extreme casting distances with a variety of baits
- Its simple design minimises the chance of the hook trace tangling when fishing in heavy out conditions
- Gives good bait presentation in all sea conditions with great line utilisation
- Hook size 3/0

TWO HOOK BOMBER RIG
T44
SIZE 2/0

- Popular match fishing rig
- Long and short hook, allows other different lead are variations
- Best used at medium to long range
- Use with a 5 to 6oz lead
- Best over sand and mixed rough ground allowing baits to sink a short time and
- Hook size 2/0

THREE HOOK FLAPPER RIG
T45
SIZE 1

- The industry rig of UK shore angling
- Casts a wide variety of fish at short to medium range
- Presents three baits very close together maximising this effect
- The rig can get your fish when all others fail
- Hook size 1

WISHBONE CLIPPED DOWN RIG
T46
SIZE 1

- Allows you to fish two different baits very close together
- Great rig for both sand and flat fish
- Rig is good at long range for bigger whiting and plaice and for smaller fish like pouting when baits are slow
- Fishes best using a 5 to 6 oz lead or 10oz lead
- Hook size 1

TWO BOOM SCRATCHING RIG
T47
SIZE 1

- A top rig during early spring and where there are schools
- When baits act as an attractor and also make the bait behave unnaturally, making movement as the fish scrape the it
- Best used close to medium range with a 5 to 8 oz release with lead
- Hook size 1

TWO HOOK CLIPPED UP RIG
T48
SIZE 1

- A general purpose rig ideal for medium and long range fishing
- Presents two baits close together to give a compact bait trail for searching fish to find and follow
- Popular with competition anglers
- Use with a 5 to 8 oz or 10 oz lead
- Hook size 1

PULLEY RIG
T49
SIZE 3/0

- Designed using the pulley effect to lift the bait off rough ground to minimise snagging during a take
- An excellent choice for all rough ground fishing
- Bait fished with a plain lead casting into rocks, but fishing equally well to a release when lead is broken ground
- Hook size 3/0

COD PENNEL RIG
T50
SIZE 3/0

- Uses two hooks close together on the hook trace
- The second top hook catches the fish that might otherwise be missed when using only one hook
- Use rig in sand over medium to maximum range
- Good for fishing early times
- Hook size 3/0

MUSTAD® THOR MONOFILAMENT 300 M X 5 SINGLE SPOOLS (NYLON)

NEW

The MUline is a none compromise premium-grade copolymer designed to give anglers top-performing carp line. It says itself it has ultra-high abrasion resistance and superb knot strength. We have managed to create a silky smooth finish that makes casting and tying knots a pleasure. But unique to this line is the Dual Tone Light Syntheses Camo which is unique to Mustad! This line color changes after how the light hits it from natural green to brown tones. This makes the line adapt perfectly into its natural environments giving an great advantage when chasing those older experienced and often huge carp.

MUSTAD CARP LINE 1200M

NEW

NEW

6" FILLETING KNIFE W/ SPOON - MT031

This 6" Knife with spoon is a great choice for pro anglers. The ultra sharp knife glides effortlessly through the fish and the spoon removes the bloodline. Easy and fast. The blade is made with high grade German stainless steel coated with Dupont™ Teflon® which adds corrosion resistance and allows the blade to slide effortlessly. The handle features an ergonomic comfort design with durable polypropylene with soft, no-slip grip. Also includes a durable, rigid safety sheath with thumb lock and line cutting channel.

NEW

FILLETING PRESENTATION SET - MT032

Limited edition Mustad Ocean Crystal kit presented in aluminum box. Ergonomically designed knife to provide the ultimate in comfort and ease of use. Single blank of high-carbon German stainless steel with titanium coating.

NEW

ULTRA STRONG ALUMINUM PLIER - MT033

This 7.5" lightweight and durable! Made from aircraft grade ultra-light aluminum that has been heavily anodized for greater corrosion resistance. Features titanium coated stainless-steel jaws and replaceable tungsten-carbide cutters. Includes custom rubberized grip and coiled tether with clasp to keep tool handy.

NEW

PROFESSIONAL FILLET KIT - MT034

Features fillet knife with razor sharp, high grade stainless steel blade bonded with an ergonomic, rubberized grip; rigid safety sheath with a pivoting belt holder; knife sharpener; durable nylon knit glove and stainless steel, osent removing washing stone.

NEW

BRAID CUTTING SHEARS - MT037

These 4.3" shears are fantastic for cutting braided line as well as mono and fluorocarbon. Built with high grade German stainless steel, they are designed to last. With comfort in mind, the handles are molded of soft rubber. They also feature a plastic sheath that the shears slide and lock into with an attached lanyard.

NEW

PREDA PLIER 11" - MT040

"Mustad Preda Plier" are the ultimate tool for the engaged predator angler. The tool provides a large spectrum of features that allows the angler to build better rigs and remove hooks from that toothy predator with ease, all with the same tool. Carefully designed using only the best materials available it is the best tool option for any predator anglers use - it is your personal weapon!

NEW

6" FILLET KNIFE - TITANIUM COATED - MT035 7" FILLET KNIFE - TITANIUM COATED - MT036

Rainbow titanium coating. Ergonomically designed to provide the ultimate in comfort and ease of use. All are precision forged from a single blank of high-carbon German stainless steel, then skillfully honed to hold a razor sharp edge cut after cut. Models include different handles designed to provide firm grip even when wet.

NEW

FISH DEHOOKER 7.5" TRIGGER STYLE - MT038 FISH DEHOOKER 14.5" TRIGGER STYLE - MT039

The Mustad Fish Dehooker tool makes hook removal easy and safe. With normal pliers, hook removal can be dangerous with toothy fish. This longer hook remover keeps your hands away from those sharp teeth and keep your fingers safe. When releasing fish its best to keep the fish in the water. The length of Mustad Fish Dehooker makes it easier and safer to remove the hook while the fish is still in the water.

HEAVY-DUTY CRIMPER/CUTTER - MT013

Durable and functional, this crimping tool is built to perform. Constructed with stainless steel, the cutters are then coated with black titanium nitride for increased corrosion resistance. They feature hardened jaws for increased durability with 2 side-cutters and lockable spring-loaded action. They also feature durable, soft-grip handles for comfort and ease of use.

SALTWATER GRADE MECHANICAL SCALE 25LB - MT016

50LB - MT017

Highly accurate with stainless steel spring and hook. Body is lightweight and durable anodized aluminum. Sliding marker records weight after fish is removed from the scale. Easy-grip rubberized handle.

24 PC BUCKET 4" BAIT KNIFE - MT020

This 4" bait knife is constructed with high quality materials. The blade is made with high grade German stainless steel that is coated with DuPont™ Teflon® which adds corrosion resistance and allows the blade to slide effortlessly through the bait. The handle features an ergonomic comfort design with durable polypropylene with soft, no-slip grip.

ALUMINIUM LIP GRIP W/SCALE - MT021

This fish gripper is constructed with a combination of aluminum and stainless steel for lighter weight and performance. Jaws open easily with the spring trigger and when released, fish are held firmly. Handle features soft-grip foam and spring scale goes to 50 pounds. Includes a lanyard.

6" FILLET KNIFE 24PC BUCKET - MT022

This filleting knife is constructed with high quality materials. The blade is made with high grade German stainless steel coated with DuPont™ Teflon® which adds corrosion resistance and allows the blade to slide effortlessly. The handle features an ergonomic comfort design with durable polypropylene with soft, no-slip grip.

FINESSE MULTIPLIER - MT023

Multi-function pliers in stainless steel. Excellent line cutter for wire and mono lines. Split rings and hook removal. Two built-in knives.

4" BAIT KNIFE - REF. MT001

This 4" bait knife is constructed with high quality materials. The blade is made with high grade German stainless steel that is coated with DuPont™ Teflon® which adds corrosion resistance and allows the blade to slide effortlessly through the bait. The handle features an ergonomic comfort design with durable polypropylene with soft, no-slip grip. Also includes a durable, rigid safety sheath with thumb lock and line cutting channel.

7" FILLET KNIFE - REF. MT002

8" FILLET KNIFE - REF. MT003

These fillet knives are constructed with high quality materials. The blade is made with high grade German stainless steel that is coated with DuPont™ Teflon® which adds corrosion resistance and allows the blade to slide effortlessly through the fillet. The handle features an ergonomic comfort design with durable polypropylene with soft, no-slip grip. Also includes a durable, rigid safety sheath with thumb lock and line cutting channel.

8" SERRATED FILLET KNIFE - REF. MT004

This 8" fillet knife is constructed with high quality materials. The fully serrated blade is made with high grade German stainless steel that is coated with DuPont™ Teflon® which adds corrosion resistance and allows the blade to slide effortlessly through the fillet. The large handle features an ergonomic comfort design with durable polypropylene with soft, no-slip grip. Also includes a durable, rigid safety sheath with thumb lock and line cutting channel.

9" BONING / FILLET KNIFE - REF. MT005

This 9" fillet knife is constructed with high quality materials. The large boning style blade is made with high grade German stainless steel that is coated with DuPont™ Teflon® which adds corrosion resistance and allows the blade to slide effortlessly through the fillet. The large handle features an ergonomic comfort design with durable polypropylene with soft, no-slip grip. Also includes a durable, rigid safety sheath with thumb lock.

MUSTAD TREBLE HOOK

LURE RYDER, INCREASE YOUR CATCHES!

The Lure Ryder is the latest news to increase your hooking chances while jigging with soft plastic lures.

ITEM NO.	REF. NO.	ITEM NO.	ITEM NO.
LR-3674BLN	LR-3674BLN		BN

Tie Thor Fluorocarbon monofilament to the jig hook shank, close to the eye. Then mount the hook with a single sleeve, Mustad ref. 77260. Using this sleeve makes it easier to adjust the leader length and then position the Lure Ryder properly. Hook the Lure Ryder on the soft plastic lure and you are ready to fish! The Lure Ryder is very light and doesn't interfere with the movement of the soft plastic lure tails, but is dramatically increasing your catches!

MUSTAD 5X STRONG TREBLE, DURASTEEL HOOK

MUSTAD CLASSIC RANGE

The most important thing about a fishing hook is its ability to catch fish, and this is of course also the most important thing for Mustad when designing and developing a hook pattern.

The Mustad Classic Range offers the biggest selection of fishing hooks with unmatched strength at the very best value for the money. Our unique three-stage computer controlled tempering process transforms the hook into a fine grained, ultra strong microstructure. This increases strength up to 30 per cent compared to conventional tempering methods. However, it's not only strength that is important in this process; we need to be in control of brittleness and flexibility as well. Our superior technology allows us such control of the final outcome.

Mustad hooks feature a wide range of colours and finishes, from black nickel and gold to bronze. The special coatings have been developed to suit the various types of fishing.

Don't be fooled by the price of the Mustad Classic Range these hooks are of high quality wire! All hook wires are individually sized for each hooks size and made in Norway.

In 2014 and 2015, the Mustad Classic Range packaging will be presented in a new and refreshing look that better represents the quality of the product. The new face of Mustad will follow on all new advertising material.

MUSTAD QUALITY CONCEPT

QUALITY IN FOCUS

BUILDING OPTIMAL STRENGTH INTO OUR HOOKS!

- Latest technology in hardening and tempering
- Automated process control
- Full carbon content control
- Multiple quenching technologies

Quality testing routines

- Mustad Bending Test (MB Test)
- Pull Test
- Material hardness test
- Micro structure test

ULTIMATE SHARPNESS EFFICIENCY!

Mustad's unique MTL™ point technology combines sharpness and penetration to optimal efficiency.

- Longest lasting sharpness
- Swift penetration
- Anti-roll-over of points
 - Increased catch-rate

Test methods

- Micro measurements
- Penetration force

A GREAT VARIETY OF COATINGS AND TO SUIT ALL NEEDS!

Mustad have developed a variety of coatings with different corrosion resistance that cover the different needs of the fisherman.

- Highest corrosion resistance
- Shiny or matt surface
- Balance between resistance and sharpness
- Colours to suit all needs

Mustad Test program

- Salt spray chamber
- Coating thickness

MUSTAD BIG GAME HOOKS

BIG WATER. BIG FISH. IF ALLOWED, THEY WILL PUNISH YOU. MUSTAD
BIG GAME HOOKS HAVE HELPED SUBDUE MORE BILLFISH, TUNA, AND
WAHOO THAN ALL OTHER BRANDS COMBINED! FISH WITH MUSTAD.

FISH WITH CONFIDENCE.

MUSTAD ULTRAPPOINT THE DIFFERENCE EXPLAINED

First of all, we as the only in the hook business have our own wire manufacturing here in Norway. Here we make individually sized wires for each hook size. Having the production on our home ground makes it possible to control and produce the best possible quality.

Making the sharpest point can mean leaving it dangerously weak, as the grinding and chemical sharpening process removes metal from the point of the hook. This can lead to the point rolling over when it comes into contact with gravel, or even losing sharpness when immersed for long periods. The UltraPoint three-stage grinding technology produces an incredibly sharp point, but because more of the metal remains, the point won't roll or lose sharpness. Result. The sharpest and strongest hook in the world.

4.3 MICROSHARP POINT TECHNOLOGY

The point length is engineered to be 4.3 times the wire diameter of the hook, which is the optimum ratio for maximum sharpness and strength. UltraPoint® hooks are 20% sharper and designed to stay sharper longer.

ULTRAPPOINT™ is created using state-of-the-art, three stage Opti-Angle™ sharpening technology which removes less metal from the point than traditional methods – without compromising sharpness. The hook is then put through innovative three stage computer-controlled tempering process – Nor Temper™. This advance heat treatment transforms the hook into a fine grained, ultra strong micro-structure, increasing the strength up to 30% compared to conventional tempering methods. The result is an ultra sharp, ultra strong point that delivers quick, easy penetration ... and longer performance.

With ULTRAPPOINT™ you get a sharper and stronger point!
