

# 3000 CLASSIC

## 3000 ATTRACTIVE GROUNDBAITS

We all know that fish are suckers for particle baits. To capitalise on this we have created this new generation of groundbaits - 3000 Attractive.

Each mix consists of a carefully balanced blend of seeds and particles put together to maximise the pulling power of these groundbaits. These new Attractive groundbaits help for you to sort out bigger bags of better quality fish

### 3000 ATTRACTIVE CARP

Carp love seed baits so they'll love this groundbait!

This groundbait will attract and hold carp in your swim for hours!

	Ref.
1 kg	13852

### 3000 ATTRACTIVE ROACH

This dark brown groundbait is a real roach magnet!

Boosted in seed particles this groundbait is active and works quickly once in the water.

The extra seed attraction will pull and hold roach longer in your swim.

	Ref.
1 kg	13862

### 3000 ATTRACTIVE LAKE

A fast acting all-round lake groundbait - perfect for using on its own or as a base mix with other groundbaits.

	Ref.
1 kg	13872

### 3000 ATTRACTIVE BREAM

Light beige coloured bream groundbait. Enhanced with particles to appeal to larger bream.

This light coloured groundbait is a positive mix and one for using when big nets of bream are on the cards.

	Ref.
1 kg	13882

## EXPLOSIVE GROUNDBAIT

Fast action groundbaits are designed to attract fish into your swim fast. They disperse quickly pulling fish to the baited area, highly effective for match fishermen who need to catch quickly. You'll get some explosive results with these explosive groundbaits!

### 3000 EXPLOSIVE BRÈMES (BREAM)

A fine, yellow groundbait that 'works' immediately on contact with the water. Like all the other groundbaits in the 'Explosive' range, you can add Terre de Somme and damp yellow leam giving a cloud to attract even more bream.

	Ref.
1 kg	10781/20

### 3000 EXPLOSIVE GARDONS (ROACH)

A fine-textured groundbait that turns an attractive shade of brown when mixed. It has a subtle smell and 'works' rapidly in the water. It's a brilliant groundbait for roach and you will find that simply by adding different amounts of Terre de Somme you can adapt it according to the way the fish are feeding.

	Ref.
1 kg	10741/20
3 kg	10743/6

### 3000 EXPLOSIVE ROACH/LAKE

Sometimes when using a classic groundbait it can be difficult to locate fish which decide to hold off the baited area. The fast action of the 3000 explosive lake will travel with the current created by the wind to pull fish and attract them into your swim.

	Ref.
1 kg	10351/20
3 kg	10353/6

## FINE TEXTURE GROUNDBAITS

This brand new range is designed with the matchman in mind. With their fine texture these groundbaits are perfect for catching wary or pressured fish. Very popular for difficult fishing in canals and other small waters that are not effected by strong currents.

### CHAMPIONS MIX: 3000 ATTRACTIVE LAKE ROACH

- 40% 3000 Attractive roach
- 40% 3000 lake
- 20% Terre de Somme

Add one packet of « Attractive roach » additive for 3 kilos dry groundbait.

Where surface tow or drifts are a factor add a ¼ bottle of liquid Aromix Vanilla to your mixing water.

### 3000 CANAL NOIRE (BLACK) FINE TEXTURE

The fine texture of this groundbait combined with the black colour is a major reason for its success for winter fishing. Its a must for difficult fishing conditions where care is needed in feed ing your swim. Also suitable for lakes and slow moving rivers.

	Ref.
1 kg	10391/20

### 3000 ÉTANG (LAKE) FINE TEXTURE

Lake fishing sometimes calls for a fine textured groundbait when fish are not feeding very strongly, and you want to avoid over feeding. Designed with this in mind it can be adapted to all fishing conditions.

	Ref.
1 kg	10361/20

### 3000 GARDONS (ROACH) FINE TEXTURE

A fine-textured version of the successful 3000 Roach, this groundbait is ideal for delicate roach fishing.

# PELLETS

## SENSAS Range

Pioneers of a new generation of pellets, this tournament series is unsurpassed, when it comes to specimen fishing !

Based on the groundbaits of the 3000 series, these pellets will enable you to select the biggest fish of a given species !

With their slow breakdown they will force the feeding fish to stay longer in your swim. They can be used as supplement to heavy feeding with the 3000 groundbaits by adding them to it, or by regularly catapulting them into the swim.

### 3000 CARP PELLETS

With a formula based on the 3000 Carp groundbait, these pellets are very effective at sorting out the bigger carp. Several flavors available to be able to adapt depending on the season.
